PRODUCT DETAIL

Conservation should be easy and that is why the Conservation Made Easy Fundraiser offers you two products that make conserving water and energy easy. not to mention you can save hundreds of dollars annually on your utility bills.

COMPACT FLUORESCENT LIGHT BULBS (CFL)

CFLs are simply miniature versions of full-sized fluorescents. All of our Compact Fluorescent Bulbs carry the **ENERGY STAR** label. This means they have been certified to meet the Governments guidelines for maximum energy efficiency and will last up to 10 times longer than incandescent bulbs. Using CFLs also reduce power plant emissions by lowering demand.

If every American home replaced just one light bulb with an ENERGY STAR qualified bulb, we would save enough energy to light more than 3 million homes for a year, more than \$600 million in annual energy costs, and prevent greenhouse gases equivalent to the emissions of more than 800,000 cars.

- ✓ Uses up to 75% less energy and produces 90% less heat
- ✓ BEST economy fluorescent bulb on the market
- ✓ Warm light, 2700k - the closest to incandescent light
- ✓ Excellent color rendering and light distribution
- ✓ Flicker free, instant start
- ✓ Extra long life - last 7 years
- ✓ UL, Energy Star listed

Watts	Equiv.	Light Output (Lumens)	Life (Hours)	Dimensions
11	40	500	10 Thousand	1.77" x 4.72"
15	60	900	10 Thousand	1.77" x 4.88"
20	75	1500	10 Thousand	2.33" x 5.25"

THE EARTH™ MASSAGE SHOWERHEAD

Saves 23,000 Gallons Per Year

This amazing conservation Massage Showerhead is designed to reduce both water and energy cost. It comes with a 10 year factory guarantee and has been top rated by Good Housekeeping Magazine.
